

# WICKET GATE ISOLATOR SWITCH

Product Reference: NV335L/NV335R

The NVM Wicket Gate Isolator Switch has been developed with safety in mind. Replacing the standard welded hinge, its very simple to fit and is suitable for both our standard and euro size wicket gates.

Its purpose is to inhibit an electrically operated roller shutter door, that is fitted with a wicket gate, being operated whilst the gate is in the closed position, thus preventing expensive motor and shutter damage.

Switch Specification: Omron 10a - 240v sealed terminal.

Walverdene Works, Brook Street, Nelson, Lancs BB9 9PU,
