North Valley Metal launch new Website

If you are looking for a place where you can see the whole picture, then the new NVM website, www.nvmgroup.co.uk, is the place to look.

A full year in development, the new website encompasses everything that is North Valley Metal, from products to catalogues, and from castings to motors, everything you ever need to know about us is there.

Simple and easy to use, you can now download all our brochures, catalogues, special offers and datasheets, or if you just need to know what we do or what product is what, then we have a full product list, complete with codes, descriptions, specifications and photo's

Selecting the product group at the top of the page filters the product lists and case studies to just that group, or select the Home Page for a complete list of all products and case studies.

Select the Library and then choose from data sheets, product catalogues, brochures, flyers or newsletters, all available as downloads in PDF format.

Or simply check out the latest news, for new product launches or industry related news items.

So remember the name. www.nvmgroup.co.uk

£ You've Been Framed £

We want your news and case studies.

In conjunction with the launch of our new website, we are looking for interesting articles and case studies to put onto our website and to include in our newsletters.

All we need is a few details of what it was you installed / supplied, to who, and what NVM products were used. It could be anything from an NVM Bullet Lock to a Wicket Gate or Fire Exit Door. And it doesn't have to be for an installation at Buckingham palace, although that would certainly get our attention. New factory build, or a refurbishment, or just an interesting location somewhere will do.

For every article or case study we publish, we'll give you £100 off your next order.

Not only do you get a £100 off your next order, we will publish your company name in the article so you get free advertising. So what are you waiting for, get your story and any photo's into us and earn £££'s

For further information contact our sales team on 01282 615239 and ask for John or e-mail john.seymour@nvmgroup.co.uk

Wicket Gate News

INSULATED WICKET GATES

As part of our comprehensive range of Wicket Gates, this month we focus on our Insulated Wicket Gate.

Buy 20 Doors and pay for 18 (We think you get the picture)

While Stocks last. Offer ends 31st July 2009

Deadman Arrives

Our new Controller / Receiver with Deadman Function is now in stock.

The new controller, product code NT1003, has a deadman function that can be set to either on or off, depending on your customer requirements, (at the flick of a switch).

The controller also incorporates a motor direction option and a facility that will reverse the direction of the up / down operation, (again both at the flick of a switch). The controller is supplied complete with 2 fobs.

Company News

NVM continues to expand.

Our expansion program is on track with the opening of our second warehouse facility at the Brook Street site.

The new warehouse facility will accommodate a wider range of products now available including Tube Motors and the new Series 3 Steel Doors.

Pricing News

This month's special offer.

The Motor Combo.

A 140nm Motor with Manual override, a Controller / Receiver with 2 Fobs and a Keyswitch Box.

The lot for only £70.00 when you buy 10 or more.

Or swap the Keyswitch for a Lost Bobbin for only £68.00

While Stocks last. Offer ends 31st July 2009
