

Sectional Door Parts

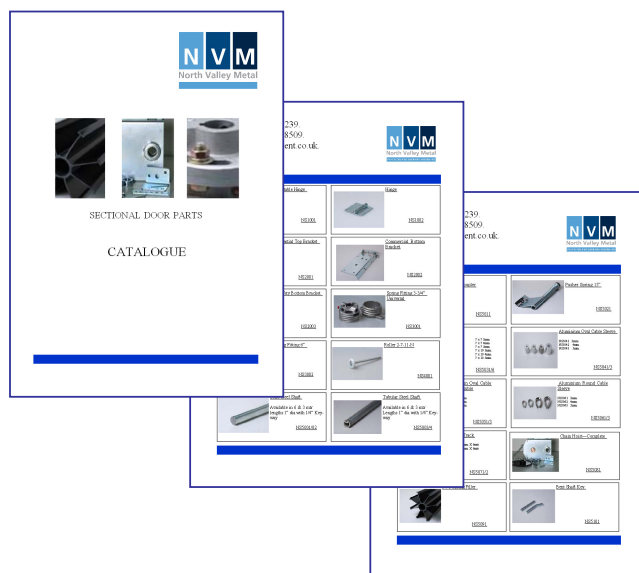

As part of our goal to offer a true one-stop shop to our customers, NVM now offer a range of Sectional Door Parts.

Whilst we readily admit that we are not one of the major players in the Sectional Door market and our range is not as comprehensive as some of our competitors YET, we believe we have covered 90% of the common components used by door companies in the repair business.

But don't think that we intend to be only a small time player either, as we will increase the range as demand requires.

The range currently in stock covers everything from Adjustable Hinges to PVC Spring Fillers and includes Wire Cable, Shafts and Shaft Couplers, Rollers, Cable Sleeves Track and Brackets. You can even get complete Chain Hoists.

If you would like to find our more about our Sectional Door Parts range, contact John on 01282 625239 or email francis.judge@nvmgroup.co.uk Alternatively, you can check out the range on our website www.nvmgroup.co.uk where you can see this and other catalogues for the NVM product range.

Catalogue available at www.nvmgroup.co.uk

Group Controller

NVM are pleased to announce the launch of our new Group Receiver / Controller. Designed to operate 4 motors simultaneously, the controller, using 4 Channel technology has the ability to either operate all 4 motors together or to operate each motor independently, all with the same wireless handset.

£ You've Been Framed £

We want your news and case studies.

In conjunction with the launch of our new website, we are looking for interesting articles and case studies to put onto our website and to include in our newsletters.

All we need is a few details of what it was you installed / supplied, to who, and what NVM products were used. It could be anything from an NVM Bullet Lock to a Wicket Gate or Fire Exit Door. And it doesn't have to be for an installation at Buckingham palace, although that would certainly get our attention. New factory build, or a refurbishment, or just an interesting location somewhere will do.

For every article or case study we publish, we'll give you £100 off your next order.

Not only do you get a £100 off your next order, we will publish your company name in the article so you get free advertising. So what are you waiting for, get your story and any photo's into us and earn £££'s

For further information contact our sales team on 01282 615239 and ask for John or e-mail john.seymour@nvmgroup.co.uk

Wicket Gate News

DOUBLE CAM WICKET GATES

This month the spotlight falls on our Double Cam Wicket Gate.

Double Cams allow the manufacturer to install wicket gates away from the edge of the shutter, particularly where there is a returning wall tight to the door edge.

Here's the Technical Stuff.

- ✓ Available as Standard and Euro sizes
- ✓ Cams and Cam-plates to both sides
- ✓ Night Latch fitted as Standard
- ✓ Can be supplied with Panic Furniture.
- ✓ Silver Prime Finish.

Series 3 Steel Doors

In our June Issue, we announced the launch of our new Series 3 Door Range, including Fire Exit and Personnel Doors. To celebrate the launch we have put together some *very* special offers.

Offer 1

12 Point Locking 890mm Wide Personnel Doors £155.00 ea

Fire Exit Doors 890mm Wide complete with Briton Panic Latch. £175.00 ea

For 990mm Wide Doors add £10

Offer 2

Buy any 10 Doors and pay only for 9. (Cheapest Door Free)

Buy 20 Doors and pay for 18 (We think you get the picture)

While Stocks last. Offer ends 31st August 2009

Plug In Terminals

Our new Controller / Receiver (Product code NT1005) with Plug In Terminals is now in stock.

So what does this mean? Well it means you don't need 4 pairs of hands to wire the controller in anymore. No more fiddling about trying to feed the wires into the terminals and locking them into place. Our plug in terminal controller means you can unplug the terminal, feed in the wires and then simply plug the terminal back into place when you are done. Simple, Easy, and Fast.

The new controller still offers the deadman function and is supplied with 2 fobs, complete with sliding cover buttons.

Pricing News

This month's special offer.

The Motor Combo.

A 140nm Motor with Manual override, a Controller / Receiver with 2 Fobs and a Keyswitch Box.

The lot for only £70.00 when you buy 10 or more.

Or swap the Keyswitch for a Lost Bobbin for only £68.00

While Stocks last. Offer ends 31st August 2009
